## News & Tips for Gas South Customers

OCTOBER  
2011

Dear Valued Gas South Customer:

On behalf of the entire Gas South team, I'd like to thank you for your business. You've helped make Gas South Georgia's fastest growing natural gas provider since 2008 and we could not have achieved that success without you. We remain committed to providing the best value for your energy dollar by always offering you great low rates, top-notch customer service, and continual support for the communities we serve.

We're proud of our relationship with the Atlanta Braves and the benefit it brings to our local communities. We're excited to once again "Bring the Heat" and have pledged to make a donation of \$50 for every strikeout recorded by a Braves pitcher during the season with proceeds to be divided between our partners —the Salvation Army's Project SHARE and the United Way of Metropolitan Atlanta — at the season's end. Last year we donated over \$62,000 and thanks to the Braves excellent pitching rotation, we are on track for donating even more this year.

Gas South is committed to providing you with more ways to save. Take advantage of our special offers and discounts from our partners by visiting [Gas-South.com/offers](http://Gas-South.com/offers). You'll find discounts to family-friendly attractions like Stone Mountain Park, the Georgia Aquarium and the Gas South Broadway Series at the Cobb Energy Performing Arts Centre.

As always, we want to hear from you. If there is something we can do to better serve you, please let us know. We've worked hard to earn your business and we'll work hard to keep it. We also want to know if you receive a promotional offer from one of our competitors. Please email us at [Customerservice@Gas-South.com](mailto:Customerservice@Gas-South.com) before you make any decisions. We'd appreciate the opportunity to keep your business.

Thanks again for helping us become Georgia's fastest growing natural gas provider over the last three years. It's always our pleasure to serve you.

Sincerely,

Kevin Greiner  
President & CEO

## Plan Ahead to Stay Safe

Atlanta Gas Light operates, secures and maintains the pipelines used to deliver the natural gas you buy from your marketer.

Excavation work, including digging or plowing around a home or business, is the most common cause of natural gas emergencies. Before digging around your property, state law requires you call 8-1-1, a statewide, toll-free number, to have your utility lines professionally marked. You must call at least three full business days before digging, excluding weekends and holidays so underground utility lines can be located and marked - free of charge - before you begin your project.

### Here's what to do:

Natural gas is a safe energy source and natural gas leaks are very rare. However, we've added an odor of rotten eggs to natural gas that gives it a distinctive smell to assist in the detection of natural gas leaks. If you suspect you smell gas - anywhere, anytime - call us immediately. And please:

- If you smell gas indoors, leave the building immediately and have others also exit immediately.
- Do not light a match, operate natural gas appliances, use a phone or turn an electrical switch on or off.
- Keep everyone away from the area of the odor.
- Do not start a car. Go to a nearby phone away from the smell and call **877-427-4321**.
- Never try to find a leak yourself.

Gas South is proud to support the restaurant industry and provide natural gas service to hundreds of restaurants in Georgia. In this issue of the Hot Sheet, we're pleased to feature Squash and Kale Toast - a recipe provided by Miller Union.

### Squash and Kale Toast

- 1 small winter squash (delicata, acorn or kobucha) peeled and seeded, diced into 1/2" pieces
- 1 bunch lacinato or tuscan kale, washed, stemmed and roughly chopped
- 2 tbsp extra virgin olive oil
- 2 cloves garlic, thinly sliced
- 2 tsp kosher salt
- Shaved Parmesan
- Flaky sea salt
- Freshly ground black pepper
- Olive oil grilled bread

Toss squash in 1 tablespoon of olive oil and 1 teaspoon of salt. Roast at 350°F until very tender and slightly caramelized. Sauté kale and garlic in 1 tablespoon of olive oil on low heat until kale is cooked and garlic is slightly browned. Spread the cooked squash on pieces of olive oil grilled bread. Layer the kale on top of the squash, then garnish with flaky sea salt, freshly ground black pepper and shaved parmesan.

Miller Union believes in the partnership between chef and farmer. Their menu is based around the week's harvest and they take care to preserve the true flavors of their ingredients with a simple rustic preparation. Owned by Steven Satterfield and Neal McCarthy, Miller Union's unique dining space sits on the site once occupied by the Miller Union Stockyards and contributes to the revitalization of Atlanta's dynamic Westside.
