### **Gas South Residential Fixed Rates Lowest in Georgia for April; Lowest Rates Company Has Ever Offered**

*Georgia Public Service Commission data show Gas South lowest in state for residential 6, 12 and 18-month fixed rates; existing customers pay even less*

(Atlanta – April 12, 2010) – Gas South is the fastest-growing natural gas marketer in Georgia and new natural gas rates for April published by the Georgia Public Service Commission (PSC) demonstrate why: the company is not only offering the best fixed rates in Georgia, but some of the lowest fixed rates in the state’s deregulated market since 2003.

According to the PSC’s monthly natural gas rate survey for April 2010, Gas South’s residential fixed rates for new customers are the lowest in the state: \$0.71 per therm, 6-month fixed; \$0.77 per therm, 12-month fixed; and \$0.77 per therm, 18-month fixed. The rates are the lowest that Gas South has offered since the company commenced operations in January 2006.

In addition, Gas South offers existing residential customers a two cents per therm discount on its published fixed rates, so they receive even lower rates.

“We are the only gas marketer in Georgia that offers discounted fixed rates to our existing customers.” said Kevin Greiner, CEO of Gas South. “It is our way of saying ‘Thank you for continuing to choose Gas South as your natural gas provider.’”

Greiner noted that in a deregulated market such as Georgia’s, consumers are free to choose a different natural gas provider if they are not satisfied with their current provider.

“The wide range of rates offered by Georgia’s natural gas suppliers shows how important it is for consumers to shop around for a natural gas provider, to compare rates and value,” he said. “We

have built our reputation on offering simple and very competitive rate plans backed by great customer service. I encourage Georgia residents to learn about our rates, programs and customer service when choosing a natural gas company.”

To take advantage of these historically low rates, call Gas South at 1-866-563-8129, or sign up online at [www.gas-south.com](http://www.gas-south.com).

*Note: Gas South bills include a monthly customer service fee of \$5.95 or \$9.95 (depending on a customer's credit history), and – like all natural gas providers in Georgia – AGL pass-through charges and applicable taxes.*

###

**ABOUT GAS SOUTH:**

Gas South is one of Georgia's largest natural gas suppliers, serving approximately 250,000 residential, business and governmental customers across the state. Based in Atlanta, Gas South is locally owned and operated, with all customer service provided through Georgia-based call centers. Gas South strives to help its customers every day with clear prices, great rates and outstanding service.
