A Message from Atlanta Gas Light

Atlanta Gas Light operates and maintains the pipelines used to deliver the natural gas you buy from Gas South.

Help Prevent Natural Gas Pipeline Emergencies

Even though natural gas pipeline incidents are uncommon, you can help prevent emergencies by knowing the signs of a potential problem. Anytime you suspect a leak, call Atlanta Gas Light at 877-427-4321.

LOOK for blowing dirt or continued bubbling in standing water.

LISTEN near a natural gas appliance or line; there may be a hissing or roaring sound when natural gas is leaking.

SMELL for the distinctive, rotten-egg odor associated with natural gas. You should take action anytime you detect even a small amount of this odor in the air.

LEAVE the area immediately if you detect a natural gas leak. Don't try to identify the source or to stop the leak yourself.

AVOID touching anything that may cause a spark. This includes lighters, matches, cigarettes, flashlights, light switches and telephones in the area of the suspected leak. You should even wait until you are away from the area to use a cell phone.

CALL Atlanta Gas Light or 9-1-1 once you are out of the area of the suspected leak and in a safe place. Stay away until an Atlanta Gas Light representative or emergency personnel indicate that it is safe to return.

For more information on natural gas safety, visit www.atlantagaslight.com. Complete the survey and you'll be entered for a chance to win a natural gas grill.

Gas South is a proud platinum sponsor of the Georgia Restaurant Association and the natural gas provider of choice to hundreds of restaurants throughout the state. In this issue of The Hot Sheet, we're pleased to feature "The Only Recipe for Collard Greens," courtesy of Social Vinings.

The Only Recipe For Collard Greens:

- 5 lbs. collard greens
- 2 quarts chicken stock
- 1 onion, chopped
- 1 celery stalk, chopped
- 1 cup brown sugar
- 1 cup white sugar
- 1 cup apple cider vinegar
- 2 cups chopped applewood smoked bacon
- Salt and pepper to taste

Sauté chopped bacon until crisp. Add onions and celery and sauté 5 minutes. Add collard greens and sauté 2 minutes. Add the rest of the ingredients and cook for 1 hour and 15 minutes. For a more flavorful sweetness, real maple syrup may be substituted for the sugars. This recipe can store for up to a month in the freezer.
